SKIN CARE

PRODUCTS

Anti Aging Cream

By reducing the wrinkles on your skin, it changes the look of your skin. Helps to keep your face in good shape against wrinkles. Should be applied to clean, dry and make-up free skin. Anti-aging cream is applied with light and soft touch to the cleansed face. Especially, with the help of small strokes with the signs and the middle fingers, the cream should be absorbed to the face and so that the facial muscles should be activated. In the morning and evening, apply a thin layer on your face.

Anti Spot Cream

Black spots and age spots (also known as liver spots) on your skin can be caused by prolonged sun exposure, hormonal factors, or acne damage. Often, black spots are referred to as sunspots by skincare professionals. In most cases, black spots are based on a root problem, called melasma. Anti Spot Cream, specially developed for blemish problems, helps to visibly reduce the appearance of blemishes.

LE CHARME NATUREL
